

**CS 631**  
**Fall 2002**

**Presentation Feedback Form**

Presenters: \_\_\_\_\_

Evaluation by \_\_\_\_\_ Date \_\_\_\_\_

Topic Coverage: Did the speakers provide appropriate technical content? Did they describe the language's distinctive features, installation instructions, place in history, type system, area(s) of application?

Was the example code helpful?

Presentation Quality: Please comment on the slides. Was the sequence ok? Any slides too busy? Too few or too many?

Please comment on the handouts, if any. Were they helpful? Well organized?

Other comments or constructive criticism for the speakers?
